

1 1/2 Hour Education Cruise

with Rangers from the Corp of Engineers

Your students will cruise aboard the The Celebration Belle while having some fun learning about:

- * Navigating the river
- * Lock & Dam System
- * Environment
- * Wildlife
- * Life on the River & more!

Learn how the Lock and Dam System works.

They will also do a program on the Living History of the Mississippi. How did people travel on the river, what kind of boats were used, an over view of life on the river.

We have teamed up with the Corp of Engineers for a great educational cruise! The Rangers will teach the kids how the vessels, riverboats, towboats & personal boats, navigate the Mississippi from the start of the river in Lake Itasca, MN to New Orleans, LA.

2018 Dates:

April 27 & May 4, 10, 15, 18, 22

\$7.50 per person

* Additional dates available depending on group numbers, ranger & cruise date availability
